

DHL'S EARLIEST AND LAST SHIPPING DATES FOR CHRISTMAS & NEW YEAR 2023

DHL EXPRESS WORLDWIDE Service - Non-Document Shipments

All dates are calculated for TDI non-doc products and intended as a guide only.

Last ship dates exclude any delays beyond DHL control, including but not limited to customs clearance.

Low and high value clearance thresholds are based on import country regulations.

'Last Ship Dates (Country)' reflects the longest transit between serviceable locations in a given origin/destination country pair.

'Last Ship Dates (Metro Areas)' reflects the fastest possible transit between origin and destination countries.

For most accurate transit times between specific origin and destination postcodes, please refer to the DHL Capability Tool (DCT) at dct.dhl.com.
